VOLUME XVI. INDEX

	Quarterly No.	Page No.
A		
Ammonium Nitrate, The Explosibility of	1	63
Apartment House Fire, Lexington Avenue (New York, Oct. 22, 1922)	3	307
Are We Winning or Losing? (*Chas. E. Worthington*)	1	49
Armour Packing Plant Fire (*Photographs*)	4	358
Arverne Conflagration, The	1	73
Asbestos Fabric Manufacturing, The Hazards of	1	67
Automatic Electric Sub-Station Fire	3	285
Automatic Sprinklers, Annual Summary	4	401
B		
Bakeries—Fire Record	1	91
Baltimore Terminal Fire (July 2, 1922)	2	203
Battery Units, Exhausted	3	265
Black List, The (Per Capita Fire Loss in U. S. Cities 1917-1921)	1	16
Boston, Dilapidated Building Removal in	3	244
Bridge Fire Protection, Highway	3	246
C		
Calcium Chloride Sprinkler System, A New	3	267
Cats and Other Curious Explosion Causes	4	363
Chicago Fire of March 15, 1922	1	19
Concrete Buildings Under Construction, Two Fires in (Duluth, Jan. 4, 1923; Long Island City, Jan. 7, 1923)	4	377
Conflagration at Aalborg, Denmark, April 19, 1922	1	95
D		
Deciphering Charred Records	4	338
Decreasing Fire Tax Rate, The (*Chas. E. Worthington*)	3	230
Department Store Fire, A Disastrous	4	389
Department Store Fire, Memphis (May 29, 1922)	1	83
Dilapidated Building Removal in Boston	3	244
Dirt Dauber's Nest, A	2	111
Dry Valve Failures, Three	1	97
E		
Editorial: No. 1, Page 5; No. 2, Page 105; No. 3, Page 205	4	317
Egress from Burning Buildings	2	158
Electric Heater Fire, An	3	235
Electric Sub-Station Fire, An Automatic	3	285
Executive Committee Action	3	224
Executive Committee Meeting: No. 1, Page 10	4	332
Exhausted Battery Units	3	265
Explosibility of Ammonium Nitrate	1	63
Explosion Causes, Cats and Other Curious	4	363
Extinguishers, The Importance of Testing	3	277
Extinguishing Generator Fires With Co2	4	366
